

WINE OF THE MONTH CLUB: PLACE IN THE SUN UNWOODED CHARDONNAY

Introducing our favourite wine for the month of April!

It's time again for the Wine of the Month Club with the WomenStuff team! If you're not familiar with our little club yet then all you need to know is that; It's JUST like a book club ... but more fun! For April we're focusing on the delicious **Place in the Sun Unwooded Chardonnay**. Keep reading to see why we liked it so much.

There are so many reason to love this wine made in Zonnebloem. One of them is the fact that Place in the Sun wines is certified by FLO-CERT under the Fair Label Organisation (FLO) Standards that form part of Fairtrade. If you're unfamiliar with the Fairtrade label then basically all you need to know is that it stands for sustainability and justice in production and trade processes. Fairtrade is all about empowering farmers and farm workers and encouraging community upliftment. Which means it's wine with a conscience!

31 March 2015

In addition to all that feel good stuff the wine also tastes great! Thanks to its citrus notes and flavours of pear and stone fruit it's super easy drinking and is perfect for enjoying a glass or two of wine on a warm summer evening. We love wines that taste amazing all on their own and this is one of them! Having said that, it also goes well with food and is even more delicious when paired with fish, chicken or oysters. If you're into the fancy pants tasting notes you can find those by [clicking here](#).

And now, for the important bit. The price! Place in the Sun Unwooded Chardonnay is available from Spar, Pick n Pay and Makro as well as online from Cyber Cellar at R45 a bottle. Click here to [buy this wine now!](#)
